CORE COMPETENCIES

- Precision CNC Turning & Milling — 4 & 5-Axis
- Swiss CNC Machining (Star CNC Swiss Lathes)
- CNC Turning with Live Tooling
- Precision Surface & OD Grinding
- Titanium & Exotic Alloy Machining
- Welding & Metal Fabrication
- Prototyping & Design for Manufacturability
- Softgel Tooling — Pharmaceutical

EQUIPMENT

- 6 CNC Milling Centers (4 & 5-Axis)
- 3 CNC Turning Lathes (Live Tooling)
- 1 Star CNC Swiss Lathe
- 1 Surface & OD Grinder
- 2 CMMs — Coordinate Measuring Machines
- Comparators & Precision QA Instruments

CERTIFICATIONS & COMPLIANCE

- **AS9100D Certified**
Aerospace Quality Management System
- **HUBZone Certified**
SBA Historically Underutilized Business
- **ISO 9001:2015**
Included within AS9100D scope
- **SAM.gov Registered**
Federal supplier database
- **ITAR-Conscious**
Defense data handling procedures

INDUSTRIES SERVED

- Aerospace & Defense
- Space & Drone Manufacturing
- Medical Device
- Pharmaceutical / Softgel
- Industrial OEM
- Commercial Manufacturing

COMPANY OVERVIEW

American Precision Tool (APT) is an AS9100D and HUBZone Certified precision CNC machining company serving aerospace, defense, space, medical device, and pharmaceutical manufacturers since 2005. Based in Los Angeles, our team delivers close-tolerance machined components to customers nationally and worldwide.

NAICS CODES

- 332710 — Machine Shops
- 332721 — Precision Turned Product Mfg
- 332722 — Bolt, Nut, Screw Mfg
- 332999 — All Other Misc Fabricated Metal
- 336412 — Aircraft Engine & Parts Mfg

CYBERSECURITY & CMMC

- FortiGate-60F Next-Gen Firewall (UTP)
- Ubiquiti UniFi Managed Network
- NIST SP 800-171 Alignment In Progress
- Progressing toward CMMC Compliance
- ITAR-Conscious Document Handling
